Christian Morath, Heidelberg – Germany

16.10 – 16.30  ABMR - antibodies, genes & Co
Farsad Eskandary, Vienna – Austria

Closing words
16.30 – 16.35  Farsad Eskandary

Supported by an educational grant from:
Dear Colleagues and Friends,

We have the great honour and pleasure to invite you to the 2nd Central European Meeting on Nephrology (6th Czech-Austrian Meeting on Nephrology), which will be held in Vienna, Austria, on December 2-3, 2016. The meeting will be hosted under the auspices of the Austrian and Czech Societies of Nephrology, the Austrian Society of Transplantation, Transfusion and Genetics, as well as the European Society of Organ Transplantation.

It was our effort to prepare an exciting and inspiring scientific program that offers high-level interdisciplinary lectures covering latest clinical and research highlights in nephrology and transplantation. Strongly motivated by the big success of previous events, it is our goal to assemble national and international key opinion leaders and experts, who will present cutting-edge topics and state-of-the-art overviews.

The unique atmosphere of the meeting venue and its setting will stimulate a fruitful scientific dialogue. We are hoping to create a platform for the vital exchange of knowledge to build and strengthen bridges between participants from all over Europe.

We are looking forward to a high-quality educational meeting and are delighted to host you in Vienna!
